

Personal Profile

Hi my name is Collin Sadoff, I'm a hard-working individual with proficiency in HTML, JavaScript, and CSS.

I have the passion to learn new things in a team setting and a drive to get things done!

I am seeking to apply for the position of Intern Front End Developer at PYXL.

I'm willing to work any hour as I am very flexible!

I would love to help your company out by bringing my skills in Web Development to the table!

Work Experience

Freelance Web Designer

December 2019 - Present

Created multiple websites for 2 notable companies (Haven Media and Crystal Lures)

Worked with business owners to create a fully functional well-designed website that best fits their needs and boosts their professionalism as owners.

Notable accomplishments:

- Have well known knowledge of all Adobe Suite.
- Experience with Atom, Visual Studio, and Dreamweaver
- Beta Club Member with a 3.7 GPA in Highschool and a 3.6 GPA in College
- Served my community by picking up trash for 30 hours

Qualifications

Building high quality websites and applications with HTML, CSS, and JavaScript.

Creative web developer dedicated to building and optimizing the performance of user-centric, high-impact websites for nationwide.

Using my technical, analytical and problem-solving skills to create dynamic, high-speed websites, apps and platforms to provide revenue growth and the best skills to stay competitive.
